

Andreas Arifin Paramo

Plano, Texas • andreasparamo@gmail.com • (469) 999-2142

US Citizen • English (Fluent) • Finnish (Proficient) • Indonesian (Proficient) • GitHub: [andreasparamo](#)

EDUCATION

University of North Texas
B.S. in Computer Science
GPA: 3.7 • Magna Cum Laude
May 2026 • Denton, TX

SKILLS

Technical Skills
Python, JavaScript, C++,
C#, SQL, HTML/CSS

Technologies
Firebase, Git, GitHub,
Google Analytics, SQLite,
Linux, Windows, VS Code

Frameworks
Next.js, React, Tailwind,
.NET 8, WPF, Jest

PROJECTS

LearnToType (2025)
Gamified typing platform built
with Next.js, React, Firebase;
production deployed at
[learntotype.xyz](#) with analytics

Prism (2025)
Privacy-first Windows screen
time manager; modular .NET 8
WPF app with Win32 API hooks
and SQLite local analytics

Sorting with Pydictionaries
Algorithm research project
benchmarking prediction-aware
sorting algorithms (C++, Python,
Jupyter); comparison analysis
across Double-Hoover, Displace-
ment, and Dirty-Clean Sort

RESEARCH

Video Scene Segmentation
UNT • 2024–2025
Automated video segmentation
pipeline (Python, PySceneDetect)
with scene detection and Git-
based version control workflow

EXPERIENCE

Amazon DSP | Delivery Associate
January 2025 – Present | Coppell, TX

- Produced and reviewed daily operational documentation ensuring accuracy and compliance across 120–150 stop routes
- Tracked and reported performance metrics contributing to data used in operational review processes
- Onboarded to new logistics software systems quickly with minimal ramp time, adapting to changing tools and workflows

Parada Ltd. | Web Developer (Contract)
May 2023 – August 2023 | Remote

- Developed and maintained client-facing web pages, product copy, and user-facing documentation
- Collaborated with stakeholders to define content requirements and iterate on deliverables across concurrent projects
- Coordinated with external vendors and designers to manage production timelines and brand compliance

Pack Pro Movers | Moving Specialist
January 2024 – January 2025 | Plano, TX

- Communicated directly with clients to assess needs, explain service steps, and manage expectations throughout engagements
- Resolved on-site logistical challenges in real time under operational pressure

COMPETENCIES

- Microsoft Office Suite (Word, Excel, PowerPoint, Outlook)
- Content Development & Editing, Technical Documentation
- Multi-stakeholder Project Coordination
- Budget Tracking & Expense Reporting
- Vendor & External Partner Communication

SUMMARY

Computer Science graduate with experience in full-stack web development, technical problem-solving, and customer-facing roles. Background in accounting and operations. Quick to pick up new tools; comfortable across both technical and business environments.
